

## Windsor Sensor S12 Upright Commercial Vacuum

Power. Reliability. Value.

- Perfect for office, retail, and hospitality use. Used by the finest hotels worldwide.
- Powerful 1.6 hp high-performance, 2-stage vacuum motor draws 90" of water lift and 105 CFM of air flow.
- Hospital-grade S-class filtration that traps 99.6% at 0.3 microns for significantly improved indoor air quality.
- Ergonomic, lightweight handle (only 1.5 lbs) increases operator comfort and productivity.
- Versatile on-board tools and extension wand ideal for detail cleaning.
- Protects itself against damage whenever bag is full or clogged. Easy-to-change filter bag.
- Heavy-duty, high-impact ABS construction.
- Low profile, flat-to-floor hinge design allows for easy cleaning under beds and furniture.
