

## Wipers and cloths for every task

## Your needs always come first

Tork is focused on making your working day easier. Your task decides what product you choose, and all you really want are smart and efficient solutions to get the job done quickly and efficiently. It is as simple as this: if you know what task you have, we have an easy-to-find Tork product that helps you take care of it.

# Identify the task, find the right product

Finding the right product for your needs starts with looking at what job it does. To help you, we have defined the following tasks.

- **Wiping**

Wiping is picking up spills, soaking up liquids and picking up dirt and dust with a paper-based wiper.

- **Cleaning**

Cleaning is removing dirt and stains from surfaces, machines or tools with cloths that are dry or used together with water, solvents or detergents.

- **Polishing**

Polishing is creating a protected and shiny surface with the help of a cloth that applies polish onto the surface and is rubbed to obtain a good finish.

- **Sanitizing**

Sanitizing is hygienically cleaning a surface by removing harmful microorganisms with the help of a cloth used in conjunction with a sanitizing agent.

## Names and packaging made easy

To give you the best possible support, we have a very simple philosophy. You will always understand what task a wiper is designed for just by reading the name. When you look at the packaging, icons tell you about the benefits of the product, and there is additional, easy-to-read information that makes choosing the right Tork product easier than ever before.

# To choose the right Tork solution, ask yourself these three questions

## 1. What are your main tasks and applications?

Do you want a wiper for dry or wet wiping, cleaning to remove oil and grease, applying a polish, or sanitizing a surface?

## 2. What is your work environment?

Are you at a fixed workstation where you and others need equal access to a dispenser, or do you need a mobile solution to move around to carry out different tasks?

## 3. What are your usage requirements?

Do several people use wipers during the day or is it just one person who occasionally needs to use them?

### Tork Dispensing Systems

Our dispensers are conveniently matched with our wipers to control usage, maintain hygiene, and ensure optimum performance. The systems are identified by unique letter and number combinations for easy, fool-proof pairing.

## Tork wipers offer you . . .

Tork wipers are specifically designed for the tasks at hand, making them easier and faster to use.

Each one is made for a specified task yet versatile enough for multi-purpose use.

There are different dispenser options for each Tork quality and size, so you can tailor a solution that best fits your needs.

## Bulk Rags and Rental Towels

### Bulk Rags

can vary in color, size and material which impacts performance and creates waste, driving up costs.

### Rental Shop Towels

can contain residual grease and oil and chemicals that inhibit performance and absorption.

# Wipers and cloths for every task

When you want quick and efficient ways of dealing with your wiping, cleaning, polishing, or sanitizing needs, Tork has the perfect products for you. Our wide range includes all sorts of paper and cloth based products – from basic wipers to heat-resistant cloths, from multipurpose papers to highly specialized cleaning cloths that help you prevent cross-contamination.

## Wiping

### Basic

#### **Tork Basic Paper Wiper**

A 1 or 2-ply paper for basic wiping tasks.

#### **Tork Windshield Paper Towel**

A 1 or 2-ply paper for wiping glass.

### Multipurpose

#### **Tork Paper Wiper**

A multipurpose paper for light wiping tasks.

#### **Tork Paper Wiper Plus**

A multipurpose paper that is ideal for picking up liquids and hand wiping.

#### **Tork Heavy-Duty Paper Wiper**

Our toughest multipurpose paper wiper absorbs both oil and water efficiently and has a high wet strength.

### Industrial

#### **Tork Industrial Paper Wiper**

A multipurpose paper based wiper that is ideal for industrial wiping tasks and hand wiping.

### Perforated Roll

When you want to wipe up water and other spills, Tork Perforated Roll Towels offer a soft and high bulk solution. Thanks to its high absorbency, the spill holding is superb, which reduces the number of towels you need to use. The towel is strong enough for wiping all surfaces, and is available in a Handi size sheet option.

## Sanitizing

### Sanitizing

#### **Tork Foodservice Cloth**

These foodservice cloths are color-coded to help reduce the risk of cross-contamination. These cloths are also designed for use with sanitizing agents. The cloth picks up dirt and absorbs spills effectively, is easy to rinse, dries quickly and is low linting, making it ideal for wiping, cleaning, degreasing and sanitizing in foodservice environments.

#### **Tork Foodservice Sanitizing Wet Wipe**

Sanitizes cleaned tables. 99.9% effective in killing common bacteria on food contact surfaces in just 60 seconds.

#### **Tork Antimicrobial Foodservice Cloth**

This foodservice cloth is specially treated to help inhibit the growth of odor causing microorganisms in the cloth so the cloth stays fresher longer. This cloth is also designed for use with sanitizing agents.

#### **Tork Quat Friendly Foodservice Cloth**

A foodservice cloth that is specially treated to ensure that the cloth does not degrade your sanitizing solution. This helps to maintain the efficacy of your sanitizer buckets between bucket refreshing.

### Multipurpose

#### **Tork Cleaning Cloth**

A soft and flexible multipurpose cloth that quickly absorbs liquids and oil. The cloth provides a professional cleaning result thanks to our excelCLEAN® wiper technology.

#### **Tork Heavy-Duty Cleaning Cloth**

This strong and absorbent multipurpose cloth works with most solvents. It is designed to protect your hands from heat and metal scraps. The cloth provides a professional cleaning result thanks to our excelCLEAN wiper technology.

#### **Tork Low-Lint Cleaning Cloth**

A low linting, flexible and drapable cloth that works well with solvents, detergents and disinfectants.

#### **Tork Foodservice Cleaning Wet Wipe**

Effective cleaning of food residue and grease. Won't build-up on table surfaces. No need to rinse. Use alone or with Tork Foodservice Sanitizing Wet Wipe.

### Industrial

#### **Tork Industrial Cleaning Cloth**

A soft and flexible cloth that is excellent in tight spaces, and ideal for cleaning oil and grease. The cloth provides a professional cleaning result thanks to our excelCLEAN wiper technology.

#### **Tork Industrial Heavy-Duty Cleaning Cloth**

The thickest and strongest Tork cloth has a high absorption capacity, works well with most solvents and protects your hands from heat and metal scraps. The cloth provides a professional cleaning result thanks to our excelCLEAN wiper technology.

#### **Tork Industrial Low-Lint Cleaning Cloth**

A low linting, flexible and anti-static cloth that works well with solvents, detergents, sanitizers and disinfectants.

Most **Tork Cleaning Cloths** have excelCLEAN® wiper technology to help you get cleaning tasks done more efficiently and professionally than other cloths, especially rags and rental cloths.

Thanks to our patented foam-spun technology to create a unique internal structure they give you a quicker, more hygienic and professional cleaning result, while minimizing the risk of contamination.

## Polishing

### Polishing

#### **Tork Polishing Cloth**

When you need a soft and low linting cloth for polishing – go for the Tork Polishing Cloth. This soft and flexible cloth has a structure designed for holding and releasing polishing agents. It is perfect when you want a professional result without leaving lint.

## ShopMax

### ShopMax

#### **Wet Wipes**

Tork ShopMax pre-moistened, disposable wipes in a convenient, portable bucket are available for cleaning hands and surfaces.

#### **Dry Wipes**

Tork ShopMax dry wipes are available in self-dispensing boxes, centerfeed rolls, and smaller towel rolls.

## Industrial

Wiping and cleaning in the light and heavy manufacturing industries is a vital part of the production process that ensures quality.

# Attention to detail lets you do your job better

The wiping and cleaning tasks that our industrial products are asked to tackle can range from preparing parts, cleaning before painting, enhancing maintenance or quality control processes, and picking up leaked oil or other lubricants. Our range includes solutions that cover all these needs. Tork considers every detail – letting you get more done, more efficiently.

## Products that make the difference

### Preparing parts before production

Common tasks include wiping oil-covered metal parts and other pieces of metal that can be oily or dirty.

### Maintenance of machines

Regular maintenance often includes getting rid of cooling liquids, oil, and metal scraps from the machine and cleaning wrenches and other tools.

### Cleaning before painting

Prior to painting, the surface must be cleaned of oil, grease, solvents, finger-prints and dust to get the best possible result.

## Food processing

In the food processing industry, effective wiping, cleaning, and sanitizing secures processes and supports vital hygiene practices. Wherever they're used, Tork products help you achieve this.

# Wiping that leaves nothing to chance

Thorough hand washing and drying to remove harmful bacteria from workers' hands is critical. Keeping work areas and machinery clean is as mission critical as performing on-going maintenance and quality control. In the food processing industry, wiping and cleaning tasks are varied but the requirement for effective, hygiene-focused solutions remains constant. Using the Tork wiper and dispenser range ensures you can tackle these tasks with confidence.

## Products that make the difference

### Food processing/hand wiping

To avoid spreading bacteria, it is important that hands are scrupulously washed and dried – both before entering the production unit and when needed.

### Wiping spills in production area

During the production process, food spills must be removed as needed.

### Machinery Maintenance and Cleaning

Equipment must be cleaned and sanitized regularly, often this involves spray down procedures.

## Foodservice

As well as maintaining hygiene, our range of wipers keep your kitchen, restaurant, bar or café looking fresh at all times.

# Solutions that keep up with your pace

We understand the high-tempo nature of working in a modern restaurant or catering facility. In these environments, wiping and cleaning tasks can involve everything from grease-covered stove tops, grills and working surfaces of different kinds to cleaning dining areas, service counters and other areas that guests and staff come into contact with.

## Products that make the difference

### Back of house wiping

During the day, there's a need for running maintenance such as wiping off water, oil, fat and food particles – and of course hand wiping.

### Back of house cleaning

Throughout the day, oil and grease, stains and spills must be thoroughly cleaned from various surfaces, stainless steel equipment and tiles.

### Front of house sanitizing

Tables and service counters must be kept clean and fresh all day, and this calls for differently colored cloths to avoid cross-contamination.

## Healthcare

Tork systems are hygienic, minimizing excessive waste and the spread of germs to meet the ever-changing needs of healthcare.

## Diverse tasks demand flexible solutions

Hygiene is the number one priority in healthcare environments. Maintaining a high standard is a tough task with so many visitors, patients and staff coming and going throughout the day. Tork Performance dispensers provide touch-free, hygienic solutions that minimize the risk of cross-contamination, while dispensing is limited to what you need to ensure a low cost-in-use.

### Products that make the difference

**Wiping up spills and cleaning**  
when spills occur, fast action is often required to minimize the safety and hygiene risks.

**Patient and hand hygiene**  
Frequent hand washing and patient bathing requires wiper dispensers that dispense hygienically and are easy to clean.

**Surface and object cleaning**  
is important in preventing the transmission of bacteria.

## Automotive

In the automotive industry, it is important to use wipers that are strong, low linting and absorbent to perform the task at hand.

# Professional tools for a quality result and finish

From heavy duty to specialty cloths, high-performance Tork wipers offer superior quality and cost-saving dispensing solutions for a range of applications.

## Products that make the difference

**Cleaning and wiping surfaces**  
Fast and efficient cleaning of tools, and work surfaces requires a close-at-hand solution exactly where you need it.

**Wiping hands and face**  
Tork wipers provide a safe and hygienic way to keep clean.

**Removing oil, grease and lubricants**  
Strong, absorbent wipers are needed for tough cleaning tasks and spills.

## ShopMax Wet Wipes

Tork ShopMax pre-moistened, disposable wipes in a convenient, portable bucket are available for cleaning hands and surfaces.

- Tough on grease and dirt
- Silicone opening and smart re-sealable lid – keeps your wipes from drying out
- Portion control with easy one-wipe-at-a-time dispensing
- No need to rinse afterward; won't leave a residue
- The hand cleaner is gentle enough on your skin for frequent usage

## ShopMax Dry Wipes

Tork ShopMax dry wipes are available in self-dispensing boxes, centerfeed rolls, and smaller towel rolls.

- Strong enough to power through oil, grease and solvents, yet versatile enough to be an ideal everyday solution for general cleanup and spills
- Highly absorbent, offering excellent wipe-dry capabilities
- Softness provides cloth-like feel
- Strong construction offers durability, won't tear easily
- Low-linting towels perfect for a variety of tasks
